

To whom it may concern:

I am writing this reference for Patrick Schout, owner of Schout Painting & Wallpapering.

I met Patrick last year for an estimate on a residence I own. His estimate was reasonable and the work his company performed was excellent. They were very punctual in their schedule, completing the project on time. The workmanship, from the actual painting to cleanup was very impressive.

I was so impressed with their work when we had a job for our Company I called Patrick for an estimate. Again it was reasonable and the work they performed was of excellent quality.

I really can't think of any consequence on the negative side when it comes to Patrick. I would highly recommend Schout Painting & Wallpapering.
